DR. AXLING REPORTS INTEREST IN CHRISTIANITY STILL HIGH IN 53

Dr. William Axling, retired Baptist missionary now acting as a travelling evangelist for the Kyodan, has reported 432 baptisms as a result of 210 meetings held during 1953. Although attendance at the meetings averaged slightly less than in 1952, Dr. Axling believes interest in Christianity is still high in Japan, and cited the 2,152 decision cards which he received to prove this. While 80% of these cards were from young people, Dr. Axling also reported some success with the older generation, supposedly notoriously difficult to convert. An 82 year old was the oldest convert resulting from the 40 special meetings he held for the older age group, but another 8 or 9 convertees were over 70. Dr. Axling will be continuing his evangelistic work during the coming year.
